

State Representative
Ruth Fahrbach

Dear Friends,

This will be my last end of the session report. I will be retiring when the current session ends in January having served twenty eight years in the Connecticut House of Representatives, an experience that has been exciting and rewarding.

It has been both an honor and privilege to represent the residents of Windsor, Suffield and East Granby in the Connecticut General Assembly. I will miss the many friends that I have made in Hartford and in the towns that I represent.

Thank you for allowing me the opportunity to serve.

State Representative
