Friends of High School Performing Arts

Letter to the Editor:

As three members of the House of Representatives from Greenwich, we speak as one in favor of the Friends of High School Performing Arts proposal. As parents of sons and daughters who attended Greenwich High School, we are personally familiar with various problems in the performing arts wing.

We look forward to working with students, parents, teachers, Board of Education, and Town government members to develop structural solutions and to help obtain necessary funding.

Sincerely,

Claudia "Dolly" Powers
