Sawyer Conducts Successful Office Hours in Andover

ANDOVER- State Representative Pam Sawyer (R-55) conducted office hours for the residents of Andover on February 27th, at the Andover Public Library. Local residents were invited to meet personally with Representative Sawyer to discuss issues before the Connecticut General Assembly or other concerns.

“I was so pleased to meet with people and discuss things they had on their minds one-on-one,” said Representative Sawyer. “I appreciate the time some residents took to come out and see me, and share their thoughts. It has always been important to me to remain in touch with residents, and knowing their concerns helps guide my votes in the legislature.”

Representative Sawyer is currently serving her eighth term representing the 55th district, which includes Andover, Hebron, Marlborough and Bolton, and is in her third term as House Minority Whip.
