### **REP. SCRIBNER: RESIDENTS CAN BENEFIT FROM ENERGY ASSISTANCE MEASURES**

HARTFORD - State Rep. David Scribner (R-Brookfield, Bethel) today reminded Brookfield and Bethel residents they can benefit from energy assistance measures approved by the Legislature in late August.

“Given the skyrocketing costs of fuel and electricity we’ve seen in the past year, it was a valid use of surplus funds to help taxpayers who provided that surplus through energy assistance this fall and winter,” said Rep. Scribner. “I’m hopeful people who are eligible to for these programs will take a closer look to see how they may benefit from them.”

Measures approved during the late-summer session include:

#### **Operation Fuel**

- \$8.5 million for Operation Fuel to provide emergency assistance to households with incomes between 151% and 200% of the federal poverty level (\$31,800 to \$42,400 for a family of four).
- \$5 million for Operation Fuel to provide emergency assistance to households with incomes between 200% of the federal poverty level and 100% of the state median income (\$42,400 to \$93,821 for a family of four)

To contact Operation fuel, call 860-243-2345, or on the web at [www.operationfuel.org](http://www.operationfuel.org)

#### **Energy Conservation Loan Program**

- \$2 million to the Energy Conservation Loan Program to provide additional loans for the program for efficiency improvements, alternative energy devices, and replacement furnaces and boilers. The legislation also sets a 0% interest rate for loans for natural gas furnaces or boilers that meet or exceed federal Energy Star standards and propane and oil furnaces and boilers that are at least 84% efficient, including those eligible for an existing rebate of up to \$500. It increases those eligible for the program from 150% to 200% of the state median income (up to \$187,642 for a family of four)

For more information, call (800) 992-3665, ext. 2019 or 2023 or visit to:
